ORGANIZED BY:

**CSI - KERALA CHAPTER**

# Invitation

**Mohanan PP**  
Organizing Secretary

Dear Friends

Greetings from Kochi

The Organizing Committee, CSI 2016 Kochi welcomes you on behalf of Kerala chapter of CSI to India's largest and most influential cardiovascular congress. We promise you hassle free registration and best of hospitality while you are here with us. Dr Sirish Hiremath, our scientific chair is developing an outstanding scientific programme in close collaboration with sub-council partners. You will be able to engage with world-class experts during the interactive scientific programme which is designed to improve your daily professional work. This will be another opportunity to develop professional relationships which we are sure will boost your career. You can also interact with the various Industry partners regarding the latest developments in cardiovascular technology. Every effort is being made to get appropriate credit hours for the nearly four days of academic brainstorming.

Best regards

**Santanu Guha**  
President CSI

The Annual Scientific Conference is the flagship program of our society. It has become a gala scientific feast and has created its own niche in the arena of international cardiology programs, so much so that all reputed cardiac societies including ESC, ACC, AHA, TCT, WHF are participating on reciprocating terms. The three and a half days event will attract more than 5000 delegates with no less than 200 international faculty and delegates.

Dr. Sirish (M.S.) Hiremath, the President Elect and Chairman, Scientific Committee with his team is sparing no effort to make this conference an event of international standard. Kochi is one of the most suitable places for such a big conference and Dr. P.P. Mohanan, the Organising Secretary is handling the job with utmost efficacy.

Overall, I am sure this conference will reach very high standard and you will remember it for a very long time.

**Mrinal Kanti Das**  
Hon. General Secretary CSI

On behalf of Cardiological Society of India (CSI), I have the pleasure to invite you all to the 68th Annual Conference of CSI at Kochi, India on 8th -11th December, 2016. This annual scientific feast enables us to update knowledge in Cardiology, share our experience with peers and upgrade social contacts in a positive way. Experts from all across the globe will participate to deliberate on not only Acute Coronary Syndrome, the theme of this year's congress, but also on various facets relevant to cardi-

ologists and physicians in their day-to-day practice. Our society is growing rapidly. For carrying out the aim of sharing and dissipating knowledge nationally and internationally, advisory committee chairpersons, who are eminent past presidents of CSI have been assigned specific schedules. Scientific Committee Chairman and President-Elect Dr. M.S. Hiremath and his team are working day and night to bring out an excellent scientific programme. It will not only be practice oriented but will also depict real-life scenarios for experts, general physicians, cardiologists and students. Dr.Chacko KA, Organizing Chairman and Dr.Mohanan PP, Organizing Secretary and their team are working hard to take care of the logistics issues and to create a memorable conference. I invite all of you once again for active participation in the conference. Long live CSI.

**Hiremath MS**

Chairman Scientific Committee &amp; President Elect CSI

The Annual meet of CSI is always an excitement and its success over years has always been around the scientific content. This year too, we would be dishing out a very fulfilling scientific program.

There will be Case based discussions, Plenary sessions, Interactive arena, and of course the most popular “PG track”, through more than 150 scientific sessions. We are having outstanding faculty from across the globe, as well as from India. Topics which puzzle a clinician will be discussed thread-bare by the experts, giving practising clinicians a clear direction even in a most controversial case. Thus the concept of “present, share, debate & conclude” will yield the best outcomes. It has been a tremendous effort on the part of the Scientific Committee, but we will be very fulfilled by your presence in Kochi. And of course, you also will have the “Kochi Hospitality”!!

Cheers!!

## Special Activities

### CSI 2016 Kochi Mini Marathon

A mini marathon involving cardiologists, physicians, health workers and dignitaries from Kochi is being planned in connection with CSI 2016 Kochi. Date and time will be informed in advance. All cardiologists are requested to participate to give a strong message to public about importance of physical activity to prevent heart disease.

### Yoga Sessions

Yoga sessions will be available for the delegates on all days of the conference in the lake side lawn. This will be a group activity and schedule will be announced. Experienced teachers will guide you in the intricacies of Yoga, an Indian contribution for cardiovascular health.

### Know your heart and fight heart disease

A book in Malayalam and English on working of heart and diseases of heart authored by hundred cardiologists will be published in connection with CSI 2016 Kochi. The book will be released in a formal function few weeks before the conference. It will be made available to the people at nominal rate and expected to generate wide spread public interest.

### Public App

An App is being developed which will provide basic information about heart disease, risk assessment tool, BMI calculator and advice for prevention of heart disease. In addition the app will have an emergency button which when activated will guide the user with help of GPS to nearest hospitals and ambulance services with facility to call them directly.
